Wyvern Edu Solutions

Thinking at the edge...

FUTUREPROOF CLASSROOMS

For more resilient and robust education

The Next Generation 4K UHD
Touch Interactive Flat Panel Displays

The digital wave is not only changing and redefining industries across the globe, but it also extends to the most important part of human evolution-**education**. It is imperative for education to transform digitally and leverage an experience that enriches educators and students across the globe, to secure a better future for all.

Classrooms, be it in a school or college, are slowly inching towards infusion of modernity in the education system, driven by adoption of the latest technologies with an aim to transform education in these unprecedented times, and accelerate education forward.

Wyvern Edu Solutions is aiding this drive by extending the Next Gen 4K UHD Touch Interactive Flat Panel Displays for educational institutions to transform into modern centers of learning with experience that brings learning to life, in and out of the classroom. It allows school leaders, educators & students to reimagine how technology can enrich learning outcomes.

We help you make an IMPACT in your CLASSROOM

Easy for anyone to walk up and use

If a solution isn't easy to use, we won't bring it to the market. All of our products are designed with you in mind and it is the key to our success.

Completely Non-Proprietary

We work in your world. No matter what software or hardware you want to use, our solutions give you the freedom to collaborate how you choose.

Broadcast to Large Classrooms

Tap one button and share your screen with up to 200 students to connect personal devices, making sure everyone gets the most out of the day's lesson.

Object Recognition

With the Intelligent touch technology draw freehand stokes that can be recognised and converted to standard text or shapes.

Wireless Casting

Present wirelessly from any network with a single click. Share video, links & files from any device with the freedom to walk around the room.

Launch Control

Enable the proximity sensor to quickly launch your calendar, meetings and preferred on-screen applications as soon as you reach the display.

Remote Display Management

Centrally manage and deploy apps, configure settings, use digital signage & broadcast messages to all your Interactive displays in the campus.

Workspace

Collaborate, annotate and co-edit documents with colleagues in different locations through video-chat, whiteboard and document editing.
